

EIGHT ARE KILLED IN A WINDSTORM

THE FATAL WORK DONE BY A CYCLONE.

In Addition to the Dead, Thirty Were More or Less Hurt—Heartrending Tales of Suffering—Many Victims Lay All Night Pinned to the Ground.

Topeka, Kas., April 27.—A cyclone passed over Clay county Saturday night. Eight persons were killed and many injured. The cyclone wrought great destruction of property.

A late dispatch from Clay Center gives the following list of killed:

FRANK PETERSON.
MRS. PETERSON.
MISS PETERSON.
ELI BALHAZAR.
MRS. BALHAZAR.
JULIUS TREMBLY.
JESSE HAM.
MRS. HALBERSON.
The injured are:
Miss Peterson, cannot live.
Frank Wilkinson, cannot live.
Entire family of John Morris, badly mangled.

Six children of Eli Balhazar, more or less injured.

Passengers on the Rock Island train from the north brought partial details of the cyclone. It started about six miles south of Clinton and went in a northeasterly direction for twelve or fifteen miles, then lost its force by spreading. It passed about half way between Clinton and Morgansville. Its track varied from 150 yards to a quarter of a mile in width. It tore through a farming community and left nothing standing. Houses and barns were wrecked, trees torn up or broken, fences leveled and haystacks blown in every direction. The cyclone was followed by a terrific rainstorm, which lasted several hours, flooding the devastated district.

The cyclone took the people unawares. There had been indications of a heavy rain all day, with local showers, but nobody expected a storm. So far as learned the victims were in their houses and most of them had retired. The storm struck Peter Anderson's house at 9:30 o'clock. This was about a mile from the starting point. The house was demolished in an instant. Every member of the Anderson family was injured. When they extricated themselves from the debris they discovered that Anderson's grandchild was missing. The dead body of the child was found in the ravine half a mile away. It evidently had been carried there by the wind.

Heart-rending tales of suffering are told by persons who have visited the scenes of the storm. Many of the injured lay all night pinned down by the wreckage or paralyzed in the mud, while others crawled or hobbled across the country to a neighbor's house. In several instances people were lifted into the air by the cyclone and carried for a distance and then suddenly dropped. Buildings were lifted up and then hurled to the ground with force enough to demolish them. The wife and daughter of John Morris were reading when the shock came. The house was divided. The women managed to get out, when the wind picked them up, carried them 200 feet and let them safely down on a pile of straw just away from the storm's track.

The people for miles around gathered at the different points where damage had been done and rendered assistance in every possible way. The conductor on the Rock Island train said that the track of the storm looked like a piece of ground which had been leveled with a roller. Half a dozen telegraph poles were torn down where the cyclone crossed the road. It is expected that much damage was done in the vicinity of Palmer, Washington county, but the details cannot be learned.

Death Loss Thought to Be Eight.

Kansas City, Mo., April 27.—A special from Clay Center, Kan., places the number of killed in Saturday night's cyclone at eight. There are rumors of other deaths south and west of Clinton, and it is feared that when communication with the stricken towns is established that the loss of life will prove to have been great. The wires to many points are down, and but meager details are obtainable. The pecuniary loss west of Clinton at one point is estimated at about \$20,000, indicating that the total loss will aggregate high.

THE JACKSON TRIAL.

Witnesses to Be Examined in the Famous Case This Week.

Cincinnati, Ohio, April 27.—The trial of Scott Jackson, at Newport, Ky., has consumed five days. Fifty-five witnesses have been examined. The prosecution has about twelve more to examine. The week promises to abound in the most startling testimony of the trial. At its past rate, the prosecution should complete its testimony Tuesday night. With direct testimony offered by the defense, and cross-examination, together with debates on legal points, it is not likely that the case will go to the jury this week. The court has already shown its anticipation of a protracted trial by changing the time for hearing the case of Alonzo Waling from May 5 to May 12.

Alabama Republicans.
Birmingham, Ala., April 27.—William Vaughan, candidate for the chair-

manship of the republican state executive committee and leader of the McKinley forces in Alabama, gives out the information that the Ohioan has eighteen delegates already from Alabama and that he will get four more when the state convention meets on Tuesday next. The state convention will undoubtedly split. The anti-McKinleyites are to bolt.

EGBERT KILLS FIVE PERSONS.

He Then Takes His Own Life—His Sister Dies from the Shock.

Rockville, Ind., April 27.—Peter Egbert, a carpenter 22 years old and unmarried, Saturday morning, without cause or provocation, shot and instantly killed Mrs. Herman Haschke and two children, next door neighbors. He then reloaded his gun, and, coming up town, saw Sheriff W. M. Mull and Deputy Sheriff William Sween in the National bank stairway. Egbert put up his weapon and shot the sheriff in the back of the head, killing him instantly. Deputy Sheriff Sween was at the bottom of the stairs and was shot in the right side of the neck, being instantly killed.

Egbert then made his escape to the fair grounds, just outside of town. A posse was immediately organized and started in pursuit. Fifty or more men, armed with shotguns, rifles and pistols, surrounded the grounds. Egbert shot himself fatally before he could be captured.

Sheriff Mull is widely known in the Grand Army of the Republic circles and was a member of Commander Walker's staff. During the war he was colonel of the 14th Indiana, and at times was an officer of the old 14th and 15th. He was brave to a fault. He was on his first term as sheriff and had just received a nomination to a second term by the republicans.

Sween was a member of the Rockville Light artillery and a poor man, but fortunately had insurances of \$3,500 in the benevolent organizations. He leaves a wife and six little ones.

TWO WHITE MEN LYNCHED.

The Victims Were William and Victor Hills, Convicted of Murder.

Chattanooga, Tenn., April 27.—A double lynching occurred Sunday morning before daybreak in Warren county, Tennessee, near Shellsford. The victims were William and Victor Hills, two brothers, white, convicted of a most fiendish murder. A mob of about fifteen heavily armed men entered the county seat of McMinnville, where the prisoners were incarcerated, and without ceremony forced the jail doors and compelled the jailer to unlock the cell where the murderers were confined. The men fought their captors with the fury of desperation, but were overpowered. The mob took the men five miles from the jail and hanged them to a tree.

The crime with which the men were charged was the cowardly murder of Carroll Martin, an old farmer living in Van Buren county. The men stopped at the farm house and asked to remain all night. During the night they attacked their host and on his refusal to tell where his money was hidden slew him in cold blood. Though sentenced once to hang, the Supreme court reversed the case and it was to come up for re-trial at the next term of the Circuit court.

ELECTRIC CARS COLLIDE.

Accident at Bay City in Which Several Are Injured.

Bay City, Mich., April 27.—Eight persons were badly injured Saturday night in a head-end collision between two electric street cars. Both were filled with passengers. The injured are:

Mrs. Charles Driver, Essexville, internally injured.

Mrs. Chris Fancher, left knee badly injured.

John Morton, cut on temple.

M. Coombs, cut and bruised.

George McCrickett, cut on forehead.

Arthur Grotto, arm wrenched and bruised.

George Downing, cut and bruised.

Motorman Provost, cut on leg.

The cars were running at a good speed. No satisfactory explanation is given for the collision. The motorman says they did not see the cars approaching until too late to avoid the accident, although both cars were provided with headlights.

Silver Democrats Hopeful.

Des Moines, Iowa, April 27.—Silver democrats in this section look at the convention held Saturday in the state as indicating the extent of the victory for silver in the state convention. Audubon and Montgomery counties held democratic conventions, which declared for Horace Boies and for free silver. In Blackhawk county, the home of Mr. Boies, the convention split on the money question.

"Sound Money" Democrats.

Omaha, Neb., April 27.—The "sound money" democrats have elected all their delegates to the state convention at Lincoln Wednesday. The party managers have agreed practically upon the delegates to be sent to Chicago. The platform will be a positive pronouncement in favor of sound money as defined by Secretary Carlisle and President Cleveland.

Dygart on Native Soil.

Tampa, Fla., April 27.—W. G. Dygart, of Greenwood, Ill., arrived here yesterday afternoon from Cuba, where he had just been released from prison. He has been confined two months.

START TO REBUILD AT CRIPPLE CREEK

NO TIME LOST AT THE MINING TOWN.

Saturday's Fire Destroyed One Million Dollars' Worth of Property, But People are Not Dismayed—Disaster Charged to Incendiaries Who Planned to Rob a Store.

Cripple Creek, Colo., April 27.—The work of re-building the burned district has begun already. At a meeting of the city council a resolution was passed allowing the erection of temporary buildings within the fire limits, with the provision that all must be removed within sixty days, to give place to buildings of stone and brick. As soon as the debris had cooled sufficiently the work of clearing was commenced, and before nightfall Sunday fully twenty-five buildings were under way and quite a number were occupied. The first to open its doors was a dance hall and the second a saloon, but the other branches of business were soon represented. With 3,000 people rendered homeless in a day, of course lodging-houses are in greatest demand, and many of these are rapidly progressing. Fortunately, the weather is remarkably fine, so that sleeping in the open air does not entail suffering, and few have been compelled to do this. The best of order prevails. Hundreds of special policemen are on duty guarding the thousands of dollars' worth of property from stores and private houses. One of the first steps taken by the business men of the place was the organization of a relief committee to look after the destitute. At an early hour telegrams began coming to the mayor from cities and towns of the state offering financial aid. These were turned over to the committee, who replied with thanks, but declined the kindly offers. Cripple Creek will take care of her own. It is not believed that this will be difficult, for there is work for every man able to wield a shovel or a hammer.

None of the losses are as large as would appear from the burning of so large an area in more substantially built cities, but the losers are numbered by hundreds, so that the aggregate will not fall far short of \$1,000,000. Insurance was light, in many cases there being none on account of the high rate charged, the greater number of buildings being of wood.

It is asserted that positive evidence has been secured to prove that the fire was the work of an incendiary for the purpose of making a raid on the First National bank, which now appears to have had on deposit something over \$100,000 on account of the near approach of pay day at the leading mines.

SHERMAN'S OPINION.

If Harrison Is an Honest Man He Will Not Take the Nomination.

New York, April 27.—Senator John Sherman of Ohio was interviewed here yesterday. The senator said he thought the republican party would surely adopt a sound-money platform at its convention. When asked about the tariff attitude of the republican party Mr. Sherman said: "The republicans will declare for a tariff that will give protection to American industries and will raise sufficient revenue to support the government, and that is something we lack at present."

The senator reiterated his former expressions of McKinley's glowing chances, and did not think it possible for any combination of men to keep the Illinois delegation in line for Culum. When the senator was asked if he thought Gen. Harrison would accept the nomination if tendered Mr. Sherman quickly replied: "If he is an honest man he won't. Mr. Harrison has declined to become a candidate and no matter if he is solicited to take the nomination, when a man says 'No' that should be enough. Blaine was a candidate open and above board in 1884, but in 1888 and 1892 he stuck to his word and refused to be nominated."

Kansas Crops Damaged by Floods.

Abilene, Kan., April 27.—The greatest flood in Abilene's history has resulted from a terrific rain a few miles north of town. In three hours Mud creek rose 35 feet, and all the west and north sides are under water. The streets, being level, are rivers from side to side. Much property is injured, but no lives have been lost. Several families in the west and north part of Russell were driven from their houses by the high water in Fossil creek. Much general damage was done to crops, and many crossings and sidewalks were washed out.

Gen. Nicholas Greusel Dead.

Aurora, Ill., April 27.—Gen. Nicholas Greusel, veteran of the Mexican war, and hero of Stone River, Corinth and Murfreesboro, died at his home in this city to-day of cancer. Greusel was captain of company D, first regiment, Michigan Volunteers, during the Mexican war, and later was elected captain of the Detroit City Guards, and subsequently lieutenant-colonel. He organized, at Aurora, one of the first companies to respond to President Lincoln's call for volunteers. He was known to thousands in the ranks of the Grand Army of the Republic.

WORK IN CONGRESS IS ALS LAID OUT

BOTH SENATE AND HOUSE BUSINESS IS PLANNED.

Appropriation Bills Will Consume Most Of the Time Of the Senate—An Effort Is to Be Made In the House to Clear the Calendar.

Washington, April 27.—The senate program for this week, so far as determined upon, includes only the consideration of appropriation bills, beginning with the naval bill on Monday, and following that closely with either the river and harbor or the District of Columbia bill, probably the former. There may be spasmodic efforts to get up other measures, but the probabilities are that nothing else of any general importance will receive attention. Certainly nothing will be taken up which will lead to general debate if the committee on appropriations can control the order of business.

It is expected that there will be an effort on the part of Senator Gorman and other senators to amend the naval bill so as to provide for the construction of only two battle ships instead of four, as the bill provides. There is also an element in the senate favorable to increasing the number to six. It is therefore expected that this bill will develop considerable debate.

A large majority of the senators, almost all of them, in fact, now regard early adjournment as quite definitely determined upon. If the democrats and populists ever had any idea of attempting to prolong the session beyond the national conventions, they appear to have given it up, and few of them now fix the date beyond June 1.

Senator George, who is the especial champion of the voluntary bankruptcy bill, said yesterday that he had received no encouragement in his efforts to get up that measure, and that he had no hope of doing so. Senator Peffer will not for the present press his bond resolution in antagonism to the appropriation bills.

The senators are taking the possibility of a veto of the river and harbor bill into account in their calculations on adjournment. Hence there will be an effort to so arrange the business of the session as to hold congress in session during the ten days which he is allowed to consider a bill, in order to secure an opportunity for passing the bill over the president's objections in case of his disapproval.

HOUSE PROGRAMME.

Effort to Be Made This Week to Clear the Calendar.

Washington, April 27.—The house, having disposed of all the appropriation bills, will devote the balance of the session, except such portions as are consumed by conference reports, to clearing up such matters as opportunity affords. This week promises action on several measures.

The Pickler general pension bill, which was under debate last week for three days, will be voted on today if the clamor for more time for debate is not too importunate, in which case the debate may be allowed to run on for several days. Mr. Pickler, however, believes a vote can be obtained tomorrow. The measure will probably receive every republican and quite a number of democratic votes.

The house has agreed to take up the bankruptcy bill this week, and devote three days to its consideration. Should these three measures be disposed of before the end of the week, there are several contested election cases pending. Of course, everything will have to give way if conference reports on appropriation bills are presented.

NATIONAL FISCAL MATTERS.

Business of the Year—Deficit May Amount to \$25,000,000.

Washington, April 27.—The treasury deficit for the fiscal year ending June 30, 1896, will be, approximately, \$25,000,000. This is the opinion of officials and others best qualified to make an intelligent estimate of the result of the fiscal operations of the year. In his annual estimates sent to congress at the beginning of the present session the secretary of the treasury estimated the receipts from customs during the fiscal year at \$172,000,000. So far, with nearly ten months of the year gone, the customs receipts have reached about \$137,000,000, with a fair prospect of increasing to \$165,000,000 by the close of the year. The estimate of the receipts from internal revenue sources was \$158,000,000. Up to this time they have reached \$120,000,000, and it is expected that the figures for the complete year will be about \$146,000,000.

The actual expenditures, it is now thought, will aggregate about \$352,000,000, or \$10,000,000 less than Mr. Carlisle's estimate in December last, so that the deficit at the close of the year, it is believed, will not show any very material change from Saturday's figures, \$25,162,423. This makes the total deficit for the three fiscal years ending June 30, 1896, \$136,861,812.

Bitter Speeches Expected.

Washington, April 27.—The discussion over the acceptance of the statue of Father Marquette now standing in statutory hall at the capitol will be renewed this week when Senator Vilas introduces the customary resolution to accept it as a gift to the United States from the state of Wisconsin.

ANSWERS CARLISLE.

Gov. Altgeld Asks the Secretary Several Questions.

Springfield, Ill., April 27.—Governor Altgeld Saturday made public an open letter to Secretary Carlisle which is a reply to that gentleman's speech in Chicago recently. The governor enumerates several questions which, he says, Secretary Carlisle should have answered. Among them are: "Why is it that for 200 years gold and silver held the market ratio of about 15½ to 1, while the ratio fixed by law was 15 to 1 in some countries, 15½ to 1 in most countries, and, for awhile, 16 to 1 in our country? Why is it in every country where silver was stricken down it was done by the arbitrary act of government and that neither commerce nor business had anything to do with it? As there cannot be a general rise in prices without an increase in the volume of money, must not the present paralysis and stagnation continue in the world until the volume of money is again restored to what it was before silver was stricken down?"

Washington, April 27.—Secretary Carlisle, when seen last night, said he did not desire to make any reply to Governor Altgeld's open letter, criticizing his Chicago speech.

MOLINE HOTEL HORROR.

One Dead, Several Injured—Historical Landmark Destroyed.

Moline, Ill., April 27.—One man was burned to death, several persons were injured and many more had narrow escapes from cremation when the old Bridge House was destroyed by fire early this morning. A panic among the guests added to the excitement and danger. The dead:

SAGE, WILLIAM.

The injured:

Swanson, Nellie, domestic; badly bruised; leg broken by jumping from a window; will recover.

West, John, blacksmith, recently from Chicago; seriously burned and cut by broken glass.

The house was one of the historical landmarks of this town, sun-dried and bleached by the hot winds of the prairies until it was almost ready to burn up of its own motion. It was well filled with guests and employes, who escaped with their lives only. The greater portion of the inmates found the stairways cut off by flames and smoke. The women ran screaming about the upper hallways, and finally threw themselves headlong from the windows before ladders could be placed. The firemen did all that was possible, but the rapidity of the flames made it impossible for them to do much in the work of rescue.

Will Declare for Silver.

Detroit, Mich., April 27.—It appears to be a foregone conclusion that the Michigan democratic convention to be held Wednesday will declare for free silver and elect free-silver delegates-at-large to the national convention. At state headquarters it is learned that 713 delegates have been selected. Of these 368 are instructed for free silver, and 124 for gold; 221 are uninstructed. It requires 417 votes for a majority of the convention, and it is conceded that the silver men will have at least 500 votes.

Cheered Harrison's Name.

Indianapolis, Ind., April 27.—The republicans of this county held an exciting nominating convention Saturday, which lasted until 11 o'clock, p. m. The local managers of McKinley had intended to introduce a resolution endorsing their candidate, but after the convention had enthusiastically cheered the name of Harrison the resolution was destroyed. William H. William H. Schmidt was nominated for treasurer, Thomas Shufelton for sheriff, and H. C. Allen for circuit judge.

Clinton County for Culom.

Carlyle, Ill., April 27.—A republican county convention was held here Saturday. The delegates to the national convention are uninstructed, but are a unit for Shelby M. Culom for president, McKinley second choice.

Morris, Ill., April 27.—The republicans of Grundy county unanimously endorsed McKinley for president. They refused to instruct for governor, although the record of Congressman Hopkins was heartily indorsed.

With Pistols and Sabers.

Budapest, April 27.—A duel has been fought between Baron Fejervary, minister for defense, and Deputy Bernat. Pistols were the weapons first used and shots were exchanged without effect. The duel was then, according to the conditions, continued with sabers until one of the combatants was disabled. Deputy Bernat was felled to the ground with a severe cut across the temple.

Weekly Bank Statement.

New York, April 27.—The weekly bank statement shows the following changes: Reserve, increase, \$2,539,325; loans, increase, \$1,062,900; specie, increase, \$373,200; legal tenders, increase, \$2,980,000; deposits, increase, \$3,255,500; circulation, decrease, \$34,500. The banks now hold \$20,678,675 in excess of the requirements of the 25 per cent rule.

Race Across the Ocean.

Tacoma, Wash., April 27.—A race to Australia for \$500 a side is on between the British ships Andrina and the Scottish Dales, which sailed to-day. Both vessels are fast sailers. Three years ago the Andrina's captain won \$1,000 in a race from Tacoma to England.

AN EDGERTON FIRM GOES TO THE WALL

TOPPING COMPANY MAKES AN ASSIGNMENT.

The Liabilities of the Concern Are Placed at Seven Thousand Dollars and the Assets at the Same Sum—Were Dealers in General Merchandise.

Edgerton, Wis., April 27.—[Special.]—The Topping Company, dealers in general merchandise, made a voluntary assignment this morning.

The liabilities are placed at \$7,000 and the assets are estimated at the same sum.

The Topping Company was one of the biggest mercantile concerns in Edgerton.

The business was formerly owned by Flagg & Arthur and was a department store on a large scale, representing the combination of two thriving stores. J. H. Arthur continued as manager when the concern changed hands. Dull trade and slow collections are said to be responsible for the assignment, enough capital not being held in reserve to meet the loss of \$3,000, which last year's balance sheet showed.

J. F. Farwell & Co., of Chicago, are the largest creditors. The firm of Topping & Son, L. Delavan, is not involved in any, it is said.

Assignee L. H. Towne, was in the city today on business connected with the failure.

"It will be some time," he said, "before a definite statement of the assets can be given."

Abducts Babies of a Former Lover.

Eliot, Wis., April 27.—There is great excitement here over the abduction of the twin daughters of Mr. and Mrs. Asher. There are fears that the little ones have been put out of the way for all time by the abductor, who is a woman. The motive for the abduction is revenge. Mr. Asher at one time was the accepted lover of Miss Amot. Just before the time set for their marriage Asher married Miss Hannah Mayo, and this unsettled Miss Amot's mind.

SOME THINGS THAT WERE SAID

IN THE.....
LOCAL CHURCHES
ON SUNDAY.....

HERE was much of interest in the Janesville churches yesterday as the following reports from the Gazette's special correspondents will show. The Gazette as before stated, would like a correspondent in all the other sanctuaries in order that the regular Monday issue may cover the religious life fully.

ALL SOULS. Rev. V. E. Southworth made the bold declaration in his lecture yesterday that "Orthodoxy is being converted into Liberalism. There is more liberal teaching and preaching in Orthodox churches today than there was in Unitarian churches fifty years ago. Those who say 'Be ye conformed' are being themselves transformed by the renewing of their minds."

In justification of these statements the speaker called attention to certain recent utterances from prominent Orthodox representatives which today are welcomed, but which fifty years ago or even less would have been severely denounced. He said:

"Rev. Dr. Gordon of the Old South Congregational (Trinitarian), Boston, has recently written a book or 'The Christ of Today,' which is so rational and liberal in its teachings as to win the heartiest assent from the most radical of radicals."

Among other things Dr. Gordon says:

"There is but one salvation and that is righteousness. Whosoever is righteous is saved. Whosoever is not righteous is not saved. This is a familiar gospel to Unitarians, but it sounds strangely new and good coming now from one of the most influential of orthodox pulpits. Where fifty years ago 'a saving faith in the blood of Christ' was stoutly insisted upon, now personal rectitude and integrity are openly admitted to be enough."

"What does it mean? It means the conversion of orthodoxy."

At this point the speaker read an editorial from the Sunday Tribune on "The X ray and Dogma," one sentence of which is somewhat startling. It says:

"For the first time in history, a great scientific discovery has been promulgated and made a part of the common stock of knowledge without incurring the anathema of the reactionary theologian."

"What does it mean?" the speakers said, "if it does not mean the conversion of orthodoxy?" Rev. Dr. Donald, a great Episcopalian teacher, rector of Trinity church, Boston, has written a book on "The Expansion of Religion." Here are some of his statements:

"What a free force religion is!" "The sole authority in religion is truth demonstrated, fact verified. And there can be no other authority." "Salvation is having all that is best in a man at its best."

"Salvation is the development of every human faculty." "In America religion is everywhere—almost as much outside the churches as inside the churches." "Integrity of life is the legitimate for believing that a man is justified before God." "You may be orthodox, but you must be righteous."

What does it mean for such things to be said by so prominent a representative of conservative ecclesiasticism? It means the conversion of orthodoxy. President Schurman of Cornell University, is a thorough-going Baptist. In a recent work on "Agnosticism and Christianity," he says:

"The religion of cult and the religion of dogma are things of the past."

"Religion has long been buried beneath creeds and superstition of men's device; it now bursts its cements and comes forth a glorified reality. The decay of dogma is the resurrection of spiritual religion."

What does it mean when so distinguished and scholarly a Baptist makes such statements? It means the conversion of orthodoxy.

FIRST M. E. CHURCH.

In the morning the pastor, Rev. R. K. Manaton, spoke on "Man's Dependence on Jesus." His text will be found in John 15:5. The speaker said many thought themselves independent of Jesus but all were dependent. As the sun is to nature so is the Son of God to the human race. He is the author of life. Scientists have tried and tried in vain to prove spontaneous life, yet have been obliged to acknowledge that life was miraculously given. All are dependent on God for the air we breathe. Those who use God's name in vain are dependent on his mercy for the power they are exercising. The infidel who dips his pen in his ink to write against God is dependent upon God for his power of thought and every advantage he has enjoyed.

Jesus is the author of religion. Man cannot imagine it for it must be inexhaustible. The past ages have drawn on Jesus and found him inexhaustible, and the ages to come will continue to do so. Religion must also be inexhaustible. Only Jesus can give us an inviolable religion, for all men have their moods. Another essential is absolute holiness and power to touch the inner life of man. Jesus knows what each life needs for its highest good and we receive accordingly. As an earthly physician prescribes for our physical good so Christ does for our spiritual good. He who would bear fruit of righteousness cannot do so without Jesus. We must look to him as the mariner follows the north star and compass needle. The improvements of the past is the result of thought put into the minds of men by God. It is a shame that God is not heeded more. This financial crash is God's frown upon the country for allowing Sabbath desecration, intemperance, etc. We should try to lift the world to God, submit to God's ways, and we will be blessed.

The Epworth League meeting at 6:30 was led by Mrs. Barfoot.

Thursday evening prayer meeting will be held and the Ladies Aid Meeting will occur Tuesday afternoon. Every lady is requested to be present.

BAPTIST CHURCH.

Rev. Dr. Hodge took as his morning text, Ps. 132:4-5, "I will not give sleep to mine eyes, or slumber to mine eyelids, until I find out a place for the Lord, an habitation for the mighty God of Jacob." He said that we as a nation need God more than we need armor, wealth or wise men. More than anything of government we want God for our guidance in national affairs. When God is the presiding power in the hearts of the people, then will a nation be great.

At the evening service the pastor gave some good advice on the subject of lying. He urged the cultivation of the courage that will tell the truth at all times. We should avoid the deeds that will lead to the temptation to lie; also avoid the tendency to exaggeration, as it will become a confirmed habit.

In spite of the rain there was a good attendance and marked interest at the Endeavor meeting led by Miss Collins. The monthly business meeting of the Young Peoples Society will be held at the close of the church covenant meeting Thursday evening.

The Ladies Aid Society will meet in the church parlors Friday afternoon.

Evangelist K. G. Burnell will address the Sunday school children and young people Friday evening at 7:30.

Strictly Business.

Old Gent—I understand, sir—in fact,
I know—that you and my daughter are
edging very rapidly toward matrimony.

Penniless Suitor—It is true, sir; and
although I am obliged to confess that it
will have to be a case of love in a cottage,
I hope—

"Say no more. Love in a cottage is
the true ideal of happiness. You have
my consent."

"Oh, thank you!"

"Providing you can show the deed for the
cottage. Good day."—N. Y. Week-
ly.

Gastronomical Arithmetic.

Teacher—Suppose, Johnnie, your
mother cuts a pound of meat into eight
parts, what will each part be?

Johnnie Chaffie—One-eighth of a
pound.

"Correct. Now, suppose she cuts each
eighth in two, what will each part be
then?"

"One-sixteenth of a pound."

"Just so. Now, suppose she cuts each
sixteenth in six pieces, what will each
piece be?"

"Hash!"—Texas Sifter.

Politely Put.

"There is one thing," said a bright
woman who has been visiting Wash-
ington, "that I shall say in favor of
the United States senators. They are
real gentlemen."

"And what, in your estimation, goes
principally to make up a real gentle-
man?"

"Oh, that question was settled long
ago. It's the art of doing nothing
gracefully."—Washington Star.

JANESVILLE WHEELMEN TURN OUT IN FORCE.

Arrow Club Members Take a Spin to
Beloit and Come Home in the Rain
—The Highways Are in Poor
Condition—Other Gossip For The
Cyclers.

YESTERDAY proved to be anything
but an ideal cycling day, and the
threatening clouds of the early morn-
ing discouraged many riders. Six
members of the Arrow Cycling club
left this city at 9:30 for Beloit. The
river road was selected as the route
and the roads were fairly good.
George Ford and Murry Branningham
of Rockford set the pace on their tan-
dem and the fourteen miles was cov-
ered in one hour and ten minutes,
which included a ten minute rest.
Those who went were George King,
Len Johnson, R. H. King, W. W.
Watt, Morgan Wise and J. G. De Long.
The return trip was made in the rain.

The bicycle racing team to be se-
lected from the Y. M. C. A. will be
composed of the fastest men in the
city. Physical Director Dixon will
soon select his men, and they will be
put through a regular course of train-
ing. A series of races will be planned
later on in the season.

On account of the bicycle season
the Janesville Plating Works are at
present rushed with work. Besides
all of the local work they are doing
the greater part of the plating for the
Warner bicycle works of Madison, and
for the Badger bicycle factory at Ore-
gon.

WHILE descending the East Milwau-
kee street hill yesterday afternoon, D.
J. Luby took a bad tumble, which
might have resulted seriously. He
was about to cross the street car track
when his wheel slipped, throwing him
over the handle bars.

A LOCAL clothier claims that the
present season will be a brisk one in
the sale of bicycle clothing and the
demand is twice as great as last
season. Prices range from \$5 to \$18.

J. CASSEY, M. Mollestad, R. Hurd
and George W. Kellogg rode up from
Beloit yesterday, on their bikes, but
on account of the poor condition of
the roads, they made slow time.

D. J. LUBY, Bert Wilbur and Frank
Ranous left for Whitewater. They
found the roads in poor condition and
had the pleasure of returning home in
the rain.

GEORGE FORD and Murray Bran-
ningham arrived in Janesville Satur-
day evening on their tandem from
Rockford. They returned home yester-
day.

THE early morning and evening
runs by the Y. M. C. A. club are pro-
ving popular. The next run will take
place tomorrow evening.

ROSE H. KING rode through Beloit
add on to Rockford yesterday making
the longest "straight away" run by a
local rider this season.

THE local repair men report busi-
ness as being brisk today, as the result of
numerous accidents which happened
yesterday.

THIN PEOPLE.

How the Weight May Be Increased in a Healthful Natural Manner.

All people who are thin are not neces-
sarily so from disease, it is natural for some to
be thin, and no amount of treatment would
add an iota to their weight, but the great
majority of people are thin because their
digestion is not vigorous enough to as-
similate the food necessary for robust
health and to keep up their weight.

For all such, the new discovery for dys-
pepsia and digestion comes as a most wel-
come addition to the list of meritorious
remedies. The new discovery referred to is
Stuart's Dyspepsia Tablets, which is not
only a pleasant and certain cure for indiges-
tion, but possesses the peculiar power of di-
gesting flesh-forming foods, like meat, eggs
and similar ordinary foods, so that the in-
crease in weight is a perfectly natural pro-
cess. One grain of the digestive principle in
Stuart's Dyspepsia Tablets will digest 3,000
grains of flesh-forming food. Dr. Jennison
recently stated that he depends altogether
upon these tablets for the cure of dyspepsia
and stomach troubles, and that they
not only cure the indigestion, but in every
case a gratifying increase in weight was
noticed, not fat, but the proper amount of
flesh for health and symmetry. Dr. Har-
landson speaks highly of the tablets, not
only because they build up flesh and cure in-
digestion, but they are absolutely safe and
harmless, no matter what the condition of
the stomach and are excellent not only for
the ordinary dyspeptic, but for invalids and
children.

Stuart's Dyspeptic Tablets are sold by all
druggists at 50c. per package and a trial
will convince anyone of their merits.

THE JANESVILLE GAZETTE.

THE OFFICIAL CITY PAPER.

Entered at the postoffice at Janesville, Wis. as second-class matter.

NO SPLIT.

The democrats are doing their best to encourage a split in republican ranks. Their only chance to carry Wisconsin in the next ten years, as they well know, is to set republicans at odds with one another.

The plan will fail.

Wisconsin republicans have too keen a sense of the import of democratic schemes to let them succeed.

There will be a thorough discussion of every disputed point before the convention—in such discussion lies strength not weakness. When the convention decision is made it will be final for it will express the will of the great majority of working republicans throughout the state. From convention time until November Wisconsin republicans will stand shoulder to shoulder against the common foe. Democratic hopes based on possible republican disaffection may as well be abandoned. They never will be realized.

E. V. Smalley says public banquets are wearisome miseries. He hasn't expressed his opinion of New York clubs, since he was black-balled by two of them, but he doubtless considers them several degrees worse than banquets.

The English poet laureate should now tackle the \$7,500,000 claim for damages, on account of Jameson's ride into the Transvaal republic. He can't do worse than he did with the ride.

Spain's willingness to grant Cuba home rule is so dilatory that it will probably count for nothing with the Cubans, who believe they see absolute independence.

Senator Tillman doesn't care a continental about that trust which has raised the price of shovels, so long as pitchforks are plentiful.

If there are Napoleons of everything Mr. Cleveland is certainly the Napoleon of obstinacy.

Lyonettes.

If you like a good smoke, ask for the Lyonettes 5 cent cigar.

A business man is not the most patient creature in the world. He cannot wait to hear any long-drawn-out story of the cause of his ailment. He doesn't care two straws about a fine spun theory of how he should treat himself. He may be predisposed to scrofula, or consumption.

"That," he will tell you "has nothing to do with the case." He wants to be well. If he can be cured, write out a prescription and send in your bill. So, here's the first part of the proposition. Dr. Pierce's Golden Medical Discovery is a microbe hunter and killer. Many persons of scrofulous blood, encourage the breaking out of unsightly sores, to prevent the disease going to the lungs. There is no need of this state of dread and discomfort. Purify the blood. It can be done. "Golden Medical Discovery" will cure 98 per cent. of all consumptive cases, also of all other lingering, bronchial, throat and lung diseases. Sold by all medicine dealers.

MILLER IS PUNCHED BY HIS EX-CLERK

W. S. M'GILVARAY "SECURES
SATISFACTION" IN CHICAGO

Second Chapter of the Fight at the Hotel Myers Some Time Ago, Enacted in a Windy City Saloon—The End, They Say, Is Not Yet.

The earth shook when E. D. Miller, the former proprietor of the Hotel Myers, and W. S. McGilvaray, the ex-clerk of that hotel, came together in a Chicago saloon, and now Miller's face is larger than it really ought to be while McGilvaray is out of a job.

The two men had a set-to at the Myers some time ago. At that time, McGilvaray was drunk, and Miller won the fight, but broke one of the bones in his hand in punching Mr. McGilvaray through the back of a heavy oak chair. After the fight, McGilvaray was sent out of town on the first train by friends, while Miller went to a surgeon to have his hand dressed. The fight was the result of a bitter personal feud, and had been expected by the friends of both parties. Therefore it was predicted that there were more chapters to come, and the forecasts were correct.

McGilvaray "Declared Himself."
"I was drunk when Miller hit me," McGilvaray said to a party of his friends "and had no show, but I'll get even yet. I will not attack him until his hand gets well, but the first time I meet him with the bandage off there'll be trouble."

And there was.
McGilvaray, the story goes, met Miller in Chicago twice, but as the splints were still on the ex-hotel man's hand, he did not notice Miller. The third time the men met it was different. A friend of Miller's saw McGilvaray in a saloon, just as the former Janesville man was entering. "You better not go in Mr. Miller," he said, "Mac is in there and you'll get into trouble."

Miller didn't heed the warning, however, but walked boldly into the place. McGilvaray saw him, and noticed that the bandages no longer adorned his former employer's hand. An instant later there was a "mix-up," and the hotel man got several stinging blows in the face. Miller, according to the story of an onlooker, retreated. Fell From the Car.

Seeing that he had no show, Miller ran out of doors and boarded a passing street car. Running through the car, he went to jump off the rear platform, but fell. A second later he was in deeper trouble than ever, and when the "mill" was over with, he had been effectually "ground."

The first fight, it is said, caused McGilvaray to lose his position as conductor on a dining car. Then he got a position as brakeman on a passenger train, and the result of the second fracas was his discharge from that place.

What the next move will be is not known, but Janesville friends of Mr. Miller insist that he was in the right, and that he is not the man to retreat from his position under the circumstances.

On the other hand, McGilvaray's local partisans insist that he has also been misused, so you can "pay your money and take your choice" of the two stories.

SPOKE TO UNION MEN

President Tobin of the Shoemakers' National Organization Addresses Local Lodges Saturday Night.

Sixty-five members of the local labor unions held a meeting Saturday evening in Union Labor hall, to listen to an address by John F. Tobin, president of the Boot and Shoe Makers' Union of America. Mr. Tobin, who is known the country over as one of the ablest labor speakers in America, came direct from St. Paul to this city. The meeting was an interesting one from start to finish. President Tobin spoke of the good work done in all parts of the country by organized labor, and he referred especially to the local conditions and said he noted a great improvement since his last visit here.

He stated that there was no reason why Janesville should not give the greatest labor day parade next September that this part of the state has ever seen. Plans were discussed for a big mass meeting, which will be held in this city in about three months, which President Tobin expects to attend.

John McKeligue, of the Cigar Makers' union, presided at Saturday night's meeting, and among the unions present, were those of the tailors, printers, boot and shoe makers and the cigar makers.

MYTHICAL MILLIONS FILL THEIR EYES

JANESVILLE PEOPLE INTERESTED IN DUTCH ESTATES

Sensible Ones Are Not Founding Hopes On the Chance of Sudden Riches From Such Sources—Unclaimed Estates Revert to the Royal Treasury.

Janesville people have an interest in the Cronkheit estate, because that estate—if it ever "panned out" would make some of them wealthy.

The "heirs" haven't been basing much hope on J. W. Bates' trip to the east. About a month ago one hundred and fifty of the descendants of Casper Cronkheit held a meeting in Utica, New York, to take steps to advance their claims on all estates valued, it was claimed, several millions, in Holland, which it was also claimed, had been held for the benefit of the fourth generation of the Cronkheit family.

In answer to a communication in reference to the estate, Mayor Gibson received a letter from United States Consul Downes, located at Amsterdam, Netherlands. The consul states that so far as he can ascertain there is no fortune of the nature claimed, or if it ever existed the state would have returned to the estate under the Dutch statute of limitation.

Fever Is Spreading.

A dispatch from Washington says that the "Dutch estate" fever is prevailing in the United States and Canada to such an extent that United States Consul Downes at Amsterdam has been impelled to warn his countrymen against spending time or money towards the collection of these estates. He writes the state department that for the past three months inquiries have been so numerous as to almost baffle reply.

The Anneke Jans estate, the Van Cots estate, the Van Dusen estate, the Webber estate, the Brandt estate, the Metzger estate, are some of the fancy titles supposed to represent millions—actually representing nothing.

Escheats In Five Years.

"These estates do not exist," writes the consul. "They are myths, will of the wisps, fakes. The bank of Holland in which the unclaimed millions are alleged to be deposited, does not exist. Careful investigation induces the belief that these estates originated in the brain of some rascally speculator, who, imposing on human credulity, found many victims and fleeced them most profitably. If these estates ever had a bona fide existence, then they come clearly within the purview of the statute of limitations passed by the Dutch parliament in 1852 by which all unclaimed inheritance irrevocably escheated, after a lapse of five years, to the state. Every dollar spent in reference to these estates is so much money wasted."

BENEATH A CLOUD OF SORROW

Florence E. Waters.

Miss Florence E. Waters, only daughter of Mr. and Mrs. George A. Waters, 320 South Main street, died at Milwaukee yesterday afternoon of pneumonia, aged twenty three years. Miss Waters went to Milwaukee for a visit and while there was taken sick. All that medical skill could do was done, but the angel of death was the conqueror and her spirit finally left the earthly clay for the home above. The sad news came to Mr. and Mrs. Waters in a telegram and was a great shock to them.

The funeral will be held at White-water tomorrow morning at 10 o'clock and the interment will be made at Johnston.

Funeral of Miss Carle.

The funeral of Miss Parnell B. Carle was held from the home on St. Lawrence place at 3 o'clock yesterday afternoon. Rev. T. DeWitt Peake, the former pastor of Court Street church but now of Beaver Dam, conducted the services, being assisted by Rev. Dr. Halsey. The floral offerings were particularly handsome, and the sad services were largely attended.

The active and honorary pall bearers were the seventeen members of Miss Carle's Sunday school class.

Funeral of Mrs. Kline.

One of the most largely attended funerals ever held in Beloit, was that of the late Mrs. John Kline which was held yesterday afternoon. Services were conducted from the house at 2 o'clock and from the church at 3:30. Among those from the city who attended were Mr. and Mrs. John Buckley, Sheriff and Mrs. W. H. Appleby, Mr. and Mrs. George Palmer, Fred Stillson, James Toole, Joseph Hield, Charles Goodenberg, James Haggard and Charles McKewan.

Mabel Scott Pierce.

Mabel Scott Pierce, daughter of Mr. and Mrs. O. F. Pierce, died at the home of her grandparents, Mr. and Mrs. R. W. Scott, at 10:45 o'clock Saturday evening, of pneumonia, aged eighteen months. Her sickness was of but one week's duration, and the blow is a crushing one to the fond parents, as little Mabel was the joy and sunshine of the home.

The funeral was held from the home at 2 o'clock this afternoon, Rev. E. H. Pence officiating and the burial was at Oak Hill.

LUCY DALY, the high kicking dancer with the "Passing Show," who will be remembered by many Janesville people, was married in secret to Happy Ward, of the Ward-Vokes company at Baltimore last week.

JOHN HORN TO CARE FOR PARKS.

Council Committee Selects Him at a Meeting Held Today.

The council committee on parks consisting of Aldermen Burham, McLean, Kothman, Stearns and McKey held a meeting this morning and appointed John Horn, who resides on Chatham street, to take care of the city parks this summer.

CIRCUIT COURT IS OPEN

One Case Was Dismissed and Several Ordered For Trial—Tomorrow's Calendar.

Judge Bennett called the calendar for the April term of the circuit court this morning. One case was dismissed—that of M. A. Cox vs. George Watts. There were ordered for trial among issues for the court, cases as follows:

John W. Hogan, receiver, vs. Josephine Bennett, et al.

Hanley B. Sexton, vs. Charles Sexton.

Cynthia W. Dudley, vs. E. H. Dudley.

TO MAKE CLOTHING IN THE M'KEY STORE

CUNNINGHAM FACTORY OUTGROWS ITS QUARTERS.

Under the Present Arrangement They Will Have Twice the Floor Space That They Now Use—Improvements To Be Made—Use Electric Power.

The big McKey store, on South Main street, has been leased to the Janesville Clothing company for a term of years, who will occupy it as an office and factory. The store was occupied for years by Hanchett & Sheldon and A. H. Sheldon & Co. and is one of the largest in the city being 168x44 feet. The rear part of the store is but one story high, but this part will be lighted by large skylights while many other improvements will be made, including a new hardwood floor, the introduction of water, etc. Power will be furnished by an electric motor put in by the Bower City Light and Power company.

The Janesville Clothing company is one of Janesville's growing industries. For some time past the factory has been located in the Woodruff building on North Jackson street. The concern was started in 1883 by J. A. Cunningham, who is the manager. From time to time more room has been required, until now the business has entirely outgrown their present quarters. The present arrangement will give the firm about double the room they now have.

Such firms are a credit to the city and all Janesville people will be glad to learn of the clothing company's success.

POLITICS TAKING SHAPE.

Senators Putnam and Spensley Attend an Informal Milwaukee Conference.

Senators H. C. Putnam and Calvin Spensley passed through the city this morning on their way from Milwaukee. They were in Milwaukee Saturday and Sunday, and attended several conferences of republican leaders. A. R. Clarke, ex-postmaster of Brodhead, and a prominent Green county politician, was with them.

The Wasp and the Drummer.
A wasp went buzzing to his work,
And various things did tackle;
He stung a boy and then a dog,
Then made a rooster cackle;
At last upon a drummer's cheek
He settled down to drink;
He prodded there for half an hour,
And then—he broke his bill.

Of Service to Her.
"Mrs. Brown's bloomers seem to be of no use to her."
"On the contrary, they are of great advantage."
"In what way?"
"Every time her husband gets cross or ugly she threatens to wear them, and you ought to see how quickly he quiets down."—Chicago Post.

Very Far Fetched.
There was a lull in the very earnest conversation of the whist game, when one of the players said:
"Whist is a game imported from India, isn't it?"
"How did you get that idea?"
"From the rubbers. India rubber, you know."—Town Topics.

Has Hopes.
"I'm afraid there isn't much energy about that young man who is calling on Ethel," said the mother. "He doesn't seem to have any snap."
"No," said the father, "I think he is waiting for one, though."—Indianapolis Journal.

WHAT SORT OF ADS DO WOMEN READ?

THEY WILL TELL FOR THEM-
SELVES MAY I.

Lively Interest in the Ten Dollar Com-
petition is shown—Store News is
the Best Kind of News to Hun-
dreds of Readers—Who Get the
Greenback.

What sort of an ad. has most influ-
ence on women?

Every advertiser in town wants to
know and The Gazette competition
will give him a chance.

Women are taking a lively interest
in the prize offer.

Several are making from six to a
dozen lists each, in this way giving
themselves the benefit of every doubt
when three or four ads. seem to be
equally good.

The ads. that they choose as the
most effective will be reproduced in
miniature when the competition ends.

One thing about good ads.—they
are rowdy. Women are interested—

deeply interested—in NEWS about
dry goods, about shoes, about house
furnishings, about groceries. She
finds such news profitable reading, for
every saving she makes leaves her with
just that much more pin money.

Store news, properly reported and
properly edited may be just as inter-
esting as any other part of the paper.

If you haven't begun clipping the
"best ads." see that you begin to-
night. The ten dollar bill may go
your way as well as anywhere else.
These are the conditions:

One display ad. is to be clipped from each
issue of the Daily Gazette for April and marked
with voter's name and the date of issue.

The bunch of advertisements—one from each
issue in April—are to be mailed to the Gazette
before 6 p. m. Saturday, May 2.

Voters may prepare more than one list if they
choose.

The best ad. for each day will be determined
by counting the ballots sent in at the end of
the month. No ad. is to appear twice in one list.

The contest is confined to display ads—not
reading notices or locals. Janesville ads only.

Size, the typographical beauty and verbal
cleverness are not the essential qualities. The
"best ad" under the terms of this contest, is
the one that seems likely to draw the most busi-
ness. No matter if the wording be clumsy and
the typography poor, the ad. that brings re-
sults, is the best ad. the world over.

The ad. that makes a hundred people say
"That's a fine ad" is good, but the ad. that makes
a dozen people buy, is better.

Read these conditions carefully, sub-
scribers and non-subscribers, and get
your scissors ready

Don't invite disappointment by ex-
perimenting. Depend upon One Min-
ute Cough Cure and you have immedi-
ate relief. It cures croup. The only
harmless remedy that produces imme-
diate results. C. D. Stevens.

Would Delight the South.

It is undoubtedly a fact that a war
with Great Britain or with any other
foreign country would be hailed with
the greatest delight by the young men
of the south. Nearly a third of the
officers of the lower grades of the regu-
lar army are southern men, graduates
of the military academy at West Point
since the war. While the southerners
have really nothing to complain of in
the matter of the general division of
things in the make-up of the govern-
ment, still a feeling is manifest with
them that a war which would bring the
men of the two sections together in biv-
ouac and march and cause them to fight
side by side in battle under the same
flag, is almost a necessity to make the
true feeling of patriotic unity and
homogeneous autonomy complete and
irrevocable. There is a feeling among
the older southerners that Great Brit-
ain could have made it possible for
them to have succeeded in the war of
the rebellion and that her only reason
for holding back was because she could
make more money out of them by
furnishing supplies through running
the blockade.—Philadelphia Star.

Like a Fish Story.

A London correspondent says: A
friend on whose word I can rely told
me the following: He saw a lark fly-
ing above the turnpike road, fluttering
some four or five feet above the ground
in evident distress. As he looked he
saw a weasel in the middle of the road
waiting for the bird to come down.
This it did, falling helplessly close to
the animal, which carried it away. This
incident seems to show that a weasel
has some fascination in his eye.
